Difference in the Poor Population by Household Type for Winnebago County

Non-Family: 597
Single Female: 1,039
Single Male: 146
Married: 959

Note: The reported projections are merely suggestive and should not be interpreted as population estimates. These graphs represent projected differences in the size of the impoverished population count, not the projected proportion of the population in poverty. See the full report by Curtis and O'Connell (2010) for more details (http://www.apl.wisc.edu/index.html).
